

Group for the  
Advancement of  
Microsurgery

43<sup>ème</sup>  
rd  
CONGRÈS  
MEETING

Président : Bruno Barbato  
Secrétaire Général : Jean-Noel Goubier

PROGRAM

**Origine et avenir de la microchirurgie**  
Origin and future of microsurgery

**Transplantations faciales**  
Facial transplants

**Reconstruction osseuse et des membres**  
Bone & limbs reconstruction

**Reconstruction nerveuse et microchirurgie**  
Nerve reconstruction & microsurgery

2 JUIN  
2 JUNE  
2023

Maison de l'Amérique latine  
Paris - FRANCE

**FRIDAY 02 JUNE**

Brasila Room

08:00-08:30	<b>WELCOMING OF PARTICIPANTS - MESSAGE FROM THE PRESIDENT</b>
08:30-09:00	<b>MICROSURGERY AND HAND SURGERY - THE BOUCICAUT EFFECT</b> Speaker: <b>Vladimir MITZ (Paris)</b>
09:00-09:40	<b>FREE PAPERS</b>
09:00 - 09:06	<b>Moderator: Vladimir MITZ (Paris, France)</b> <b>CO01</b> Pearls and pitfalls of hand and finger replantation surgery in Togo, 5 consecutive case series. <b>Komla Sena AMOUZOU (LOME, Togo), Tete Edem KOUEVI-KOKO, Batarabadja BAKRIGA, Anani Gregoire ABALO</b>
09:06 - 09:12	<b>CO02</b> The challenge of ,ring finger, injuries treatment - microsurgical replantation. <b>Mihaela PERTEA, Madalina Cristina FOTEA (Iasi, Romania), Dorin SUMANARU, Stefana LUCA</b>
09:12 - 09:18	<b>CO03</b> One case: Replantation of 3 fingers following 22 hours of ischemia. Review of the literature on the results of multiple delayed reimplantations. <b>Violaine BEAUTHIER (Paris), Bruno BARBATO</b>
09:18 - 09:24	<b>CO04</b> The efficiency of medicinal leech therapy (MLT) in therapeutic management after replantation. <b>Mihaela PERTEA, Madalina Cristina FOTEA, Dorin SUMANARU (Iasi, Romania), Stefana LUCA</b>
09:24 - 09:30	<b>CO05</b> The helix flap on the proximal interphalangeal perforators of the long fingers. <b>Fabien WALLACH (TRAPPES)</b>
09:30 - 09:40	Discussion
09:40-10:10	<b>FACE TRANSPLANTATION - THE EXPERIENCE OF A PIONEER</b> Speaker: <b>Laurent LANTIERI (Paris)</b>
10:10-10:40	<b>COFFEE BREAK AND MEET THE EXHIBITORS - Exhibition hall</b>
10:40-11:15	<b>FREE PAPERS</b>
10:40 - 10:46	<b>Moderator: Violaine BEAUTHIER-LANDAUER (Paris, France)</b> <b>CO06</b> Joint transfer from the distal interphalangeal of a toe to the distal interphalangeal of a finger. <b>Romain CARLAT (Namur, Belgium), Sebastien HUGON</b>
10:46 - 10:52	<b>CO07</b> Distal microsurgical reconstruction of the thumb from a free P2 transfer of the big toe A review of 100 cases. <b>Bruno BARBATO (Aubergenville)</b>
10:52 - 10:58	<b>CO08</b> Ulnar nerve schwannoma: the therapeutic path. <b>Sophia SYNGOUNA (Athens, Greece), Dimitris LEIVADITIS, Vasiliki BATSOU, Christina CHATZIDAKI, Emmanouil FANDRIDIS</b>
10:58 - 11:04	<b>CO09</b> Supercharged end-to-side neurotization of the ulnar nerve: review of the literature. <b>Arthémon HEITZ (Lyon), Thibault DRUEL, Aram GAZARIAN</b>
11:04 - 11:10	<b>CO10</b> Reliability of identification of the deep branch of the ulnar nerve at the wrist in neurotization by the anterior interosseous nerve <sup>†</sup> : dissection of 20 wrists. <b>Arthémon HEITZ (Lyon), Sarah MOLING, Justin RUYER</b>
11:10 - 11:45	Discussion
11:15-11:45	<b>MICROSURGERY AND ROBOTICS</b> Speaker: <b>Philippe LIVERNEAUX (Strasbourg)</b>
11:45-12:20	<b>FREE PAPERS</b>
11:45 - 11:51	<b>Moderator: Philippe LIVERNEAUX (Strasbourg, France)</b> <b>CO11</b> A new mode of training for microsurgical anastomoses? A randomized comparative study between chicken thigh and live rat. <b>Justine FLEURETTE (PARIS), Michael ATLAN, Josette LEGAGNEUX, Franck FITOUSSI</b>
11:51 - 11:57	<b>CO12</b> Reconstruction of the upper aero-digestive tract by free antebrachial flap and free fibula flap. Tips and tricks from our experience. <b>David BALI (Sierre, Switzerland), Salim BOUAYED</b>
11:57 - 12:03	<b>CO13</b> Laterality and intra-individual variability during the microsurgical gesture. <b>Célia GUTTMANN (Lausanne, Switzerland)</b>
12:03 - 12:09	<b>CO14</b> Median nerve recovery after open carpal tunnel release. <b>Florence VIGOUROUX GUILLET, Violaine BEAUTHIER LANDAUER (Paris)</b>
12:09 - 12:20	Discussion

**12:20-14:00 LUNCH AND MEET THE EXHIBITORS - Exhibition Hall**

<b>14:00-15:30</b>	<b>BONE RECONSTRUCTION</b>
14:00-14:30	Induced membrane technique. <b>Alain-Charles MASQUELET (Paris)</b>
14:30-15:00	Free vascularized fibula graft. <b>Franck DUTEILLE (Nantes)</b>
	<b>FREE PAPERS</b>
15:00-15:06	<b>CO15</b> Benefit of covering limb loss of substance with fascia flaps (Fascia Superficialis Temporalis and serratus anterior fascia). About 25 cases. <b>Franck DUTEILLE (Nantes), Francois THUAU</b>
15:06 - 15:12	<b>CO16</b> Versatility of the Serratus flap in microsurgical reconstruction: study of a series of 98 cases. <b>Julien OILLIC (Nantes)</b>
15:12 - 15:30	Cas clinique et discussion

**15:30-16:00 COFFEE BREAK AND MEET THE EXHIBITORS - Exhibition hall**

<b>16:00 - 16:30</b>	<b>MICROSURGICAL RECONSTRUCTION FOR ELBOW PALSY</b> Speakers: <b>Camille ECHALIER (Paris), Jean-Noel GOUBIER (Paris)</b>
----------------------	---

<b>16:30 - 17:00</b>	<b>FREE PAPERS</b>
	<b>Moderator: Jean-Noel GOUBIER (Paris, France)</b>
16:30 - 16:36	<b>CO17</b> Should long vascularized ulnar nerve grafts be continued for elbow flexion resuscitation in total brachial plexus palsy? <b>Camille ECHALIER (Paris), Frédéric TEBOUL, Jean-Noël GOUBIER</b>
16:36 - 16:42	<b>CO18</b> Traumatic brachial plexus: elbow flexion nerve surgery. <b>Wafa YANGUI (Sfax, Tunisia), Nouha BABA, Khairi SAIBI, Mouna OUNAIES, Sayed BAKARI</b>
16:42 - 16:48	<b>CO19</b> Traumatic section of the C5 root: surgical exploration and results of microsurgical repair. <b>Sophia SYNGOUNA (Athens, Greece), Vasiliki BATSOU, Christina CHATZIDAKI, Dimitris LEIVADITIS, Emmanouil FANDRIDIS</b>
16:48 - 16:54	<b>CO20</b> Brachial plexus trauma: Simple or modified «Oberlin»? <b>Sophia SYNGOUNA (Athens, Greece), Christina CHATZIDAKI, Vasiliki BATSOU, Dimitris LEIVADITIS, Emmanouil FANDRIDIS</b>
16:54 - 17:00	Discussion

**17:00 - 18:00 GENERAL ASSEMBLY - GAM**

## PARTNERS 2023

The organizers of the 2023 edition of the GAM Congress would like to thank the following partners who are participating in the congress:

Seeing beyond
